Thursday, September 29, 2011

7:00 a.m. Registration and Breakfast

8:00 a.m. Welcome and Introduction – John D. Murray MD

8:15 a.m. **“Epidemiology”**
KEYNOTE SPEAKER – MALCOLM C. PIKE PHD is attending Epidemiologist at Memorial Sloan-Kettering Cancer Center. He received his PhD from Aberdeen University, Scotland. His research interests are in the etiology and chemoprevention of breast, endometrial and ovarian cancer.

SESSION I

9:00 a.m. **“Identification and Management of Women at High Risk for Breast Cancer”**
JENNIFER R. KLEMP PHD MPH is Assistant Professor of Medicine, Division of Clinical Oncology, at the University of Kansas School of Medicine. She is Associate Director of the Breast Cancer Survivorship Center at the University of Kansas Cancer Center, and a full member of the KU Cancer Center. She is Affiliate Professor of Nursing, University of Kansas Medical Center, and Affiliate Professor of Psychology, University of Kansas.

9:45 a.m. Question/Answer Session

10:00 a.m. Break and Exhibit Session

SESSION II

10:20 a.m. **“MRI”**
CHRISTOPHER E. COMSTOCK MD is board certified in diagnostic radiology and breast imaging by the American Board of Radiology. He is currently an attending radiologist with Memorial Sloan-Kettering Cancer Center, Evelyn H. Lauder Breast Center. He is an examiner for the American Board of Radiology, serves on the American College of Radiology’s committee for ultrasound accreditation, and chairs the institutional participants committee of the American College of Radiology Imaging Network.

11:05 a.m. **“Tomosynthesis”**
GARY LEVINE MD is board certified by the American Board of Radiology and is a practicing radiologist with Newport Harbor Radiology Associates. He is Medical Director of Breast Imaging at Hoag Breast Care Center at Hoag Memorial Presbyterian Hospital.

11:50 a.m. Question/Answer Session

12:00 noon Lunch

SESSION III

1:00 p.m. **“BRCA Testing Limitations and Quandaries”**
SARAH A. JACKSON MS CGC is a Certified Genetic Counselor with the Northwestern Medical Faculty Foundation and an Instructor with Northwestern University.

1:20 p.m. **“The Future of Breast Cancer Genetics: BRCA and Beyond”**
KENT F. HOSKINS MD is Clinical Assistant Professor in the Department of Internal Medicine at the University of Illinois at Chicago and Director of the Familial Breast Cancer program in the UIC Cancer Center. He is Medical Director of the Cancer Risk Assessment Program at OSF Saint Anthony Medical Center in Rockford, IL.

2:05 p.m. **“Cancer Survivorship Care”**
LILLIE SHOCKNEY RN BS MAS CBCN CBPN-C is a certified breast care nurse by the Oncology Nursing Society and a certified breast patient navigator by the National Consortium of Breast Centers, Inc. She is Administrative Director of the Johns Hopkins Breast Center. She is a University Distinguished Service Associate Professor of Breast Cancer. She is Associate Professor of Surgery and of Gynecology and Obstetrics at Johns Hopkins University School of Medicine. She is Associate Professor of Johns Hopkins University School of Nursing. She is the consultant for breast cancer for national ABC News and Good Morning America.

2:50 p.m. Question/Answer Session

3:00 p.m. Break and Exhibit Session

SESSION IV

3:20 p.m. **“ACSOG Z0011 Trial Review”**
LYNNE JALOVEC MD is board certified by the American Board of Surgery and is a Fellow of the American College of Surgeons. She is a practicing physician and breast surgeon in private practice. She is a Clinical Assistant Professor of Surgery at University of Illinois College of Medicine at Peoria (UICOMP).

4:05 p.m. **“Triple Negative Breast Cancer and Targeted Therapy”**
KATHY ALBAIN MD is board certified in internal medicine by the American Board of Internal Medicine with a subspecialty certification in medical oncology. She is Professor of Medicine, Hematology/Oncology at Loyola University Chicago Stritch School of Medicine. She devotes her practice to patients with breast and lung cancer at Loyola’s Cardinal Bernardin Cancer Center at Loyola University Medical Center.

4:50 p.m. Question/Answer Session

5:00 p.m. Day One Closing Remarks – John D. Murray MD

Friday, September 30, 2011

7:00 a.m. Registration and Breakfast
8:00 a.m. Welcome and Introduction – Denise M. Mammolito MD
8:15 a.m. *“Partial Breast Irradiation: Rationale and Techniques”*
KEYNOTE SPEAKER – CATHERYN YASHAR MD is board certified by the American Board of Radiology. She is Associate Professor of Radiation Oncology, Chief of Breast and Gynecologic Radiation Services, Director of Medical School Education and Co-Director of Brachytherapy at University of California San Diego Medical Center Moores Cancer Center.

SESSION V

9:00 a.m. *“Assessment and Treatment of Cancer-Related Sexual Changes in Women with Breast Cancer”*
MARY K. HUGHES RN CNS CT is a Clinical Nurse Specialist in the Department of Psychiatry at the University of Texas MD Anderson Cancer Center. She also serves as clinical faculty in the undergraduate nursing program at the Texas Woman’s University as well as the University of Texas Houston Center undergraduate nursing program.

9:30 a.m. Question/Answer Session

9:40 a.m. Break and Exhibit Session

SESSION VI

10:00 a.m. *“Post-Mastectomy Breast Reconstruction”*
ERIC T. ELWOOD MD is board certified by the American Board of Surgery and the American Board of Plastic Surgery and is a Fellow of the American College of Surgeons. He is currently a practicing physician with Illinois Plastic Surgery. He is Associate Professor of Surgery and Neurosurgery at UICOMP and currently serves as Section Chief for the Division of Plastic and Reconstructive Surgery. He is an Adjunct Clinical Instructor for the Physician Assistant Program at Midwestern University in Downers Grove, IL.

10:25 a.m. *“The Use of Fluorescent Indocyanine Green Tissue Angiography in Breast Reconstruction”*
GLYN E. JONES MD is board certified by the American Board of Plastic Surgery and is a Fellow of the American College of Surgeons, the Royal College of Surgeons, and the South African College of Surgeons. He is a practicing physician with Illinois Plastic Surgery and is currently Professor of Surgery at UICOMP.

10:50 a.m. *“Concentrated Autologous Fat Transfer in Post-Mastectomy Breast Reconstruction”*
JOHN D. MURRAY MD is board certified by the American Board of Surgery and the American Board of Plastic Surgery and is a Fellow of the American College of Surgeons. He is a practicing physician with OBI Plastic Surgery Clinic. He is Visiting Clinical Associate Professor of Surgery at UICOMP.

11:15 a.m. Question/Answer Session

11:25 noon Lunch

SESSION VII

12:30 p.m. *“Treating the Primary Cancer in Patients with Stage IV Disease or Treatment of the Primary Site in Stage IV Breast Cancer”*
SEEMA A. KHAN MD is board certified by the American Board of Surgery. She is Professor of Surgery at Northwestern University. She is the Bluhm Family Professor of Cancer Research and is Co-Leader of the Breast Cancer Program at the Robert H. Lurie Comprehensive Cancer Center at Northwestern.

1:15 p.m. *“New Targeted Therapies Manipulating the Biology of Breast Cancer”*
DIANE J. PRAGER MD is board certified by the American Board of Internal Medicine. She is a practicing physician with Illinois CancerCare P.C.

1:45 p.m. Question/Answer Session

1:55 p.m. Break and Exhibit Session

SESSION VIII

2:15 p.m. *“How Microarray Technology is Translating Genomics Research to Clinical Applications”*
CAROL PREISIG PHD MBA is Senior Manager of Global Field Marketing – Clinical Applications at Affymetrix, Inc., a provider of genomic analysis tools and reagents for discovery, exploration, validation and genetic testing.

2:45 p.m. *“Irreversible Electroporation for the Treatment of Tumors”*
RAFAEL DAVALOS PHD is an Assistant Professor in the Virginia Tech – Wake Forest University School of Biomedical Engineering and Sciences. He also holds Adjunct Appointments at the Wake Forest Comprehensive Cancer Center and at the Wake Forest Institute of Regenerative Medicine.

3:15 p.m. Question/Answer Session

3:25 p.m. Educational Breakout Session with Division Directors

Jessica A. Guingrich MD
Clinical Associate Professor of Radiology, UICOMP
Central IL Radiological Associates, Ltd.

Nguyet A. Le-Lindqwister MD
Clinical Assistant Professor of Medicine, UICOMP
Illinois CancerCare, P.C.

Denise M. Mammolito MD
Assistant Professor of Clinical Surgery, UICOMP
Peoria Surgical Group, Ltd.

James L. McGee MD SM
Clinical Associate Professor of Radiology, UICOMP
OSF Saint Francis Medical Center

John K. Miller MD
Clinical Assistant Professor of Family & Community Medicine, UICOMP
Methodist at Allen Road Family Medicine

John D. Murray MD
Visiting Clinical Associate Professor of Surgery, UICOMP
OBI Plastic Surgery Clinic

Tenille M. Oderwald, RN
Coordinator/Developer for the Comprehensive Breast Center Clinic for the OSF Susan G. Komen Breast Center

Ronald R. Winek PhD MD
Clinical Assistant Professor of Pathology, UICOMP
Central IL Pathology SC

4:25 p.m. Day Two Closing Remarks – Denise M. Mammolito MD

It is the policy of the University of Illinois College of Medicine that faculty and providers disclose real or apparent conflicts of interest relating to the topics of this educational activity, and also disclose discussions of unlabeled/unapproved drugs or devices during their presentation(s). The University of Illinois College of Medicine has established policies in place that will identify and resolve all conflicts of interest prior to this educational activity.

GENERAL INFORMATION

Intended Audience

Physicians, physician assistants, advanced practice nurses, nurses, surgical technologists, radiologic technologists, occupational and physical therapists and medical office staff in all specialties.

Program Overview

The sole objective of this symposium is to educate all physicians and healthcare personnel regarding the current diagnosis and treatment of breast cancer in a comprehensive, multidisciplinary fashion.

Through this CME activity, the participant should better understand theories and facts related to the development of breast cancer, current imaging and diagnostic modalities, surgical treatment, adjuvant therapies of chemotherapy and radiation, breast reconstruction, and managing patients with breast cancer. This activity will also educate the participants about breast cancer from a multidisciplinary approach. This symposium hopes to help physicians and healthcare personnel reach a better understanding related to all aspects of breast cancer and how we all may contribute to help individuals overcome this disease while maximizing quality of life.

Educational Objectives

- Define the incidence and types of premalignant breast disease and breast cancer.
- Examine risk factors that impact the development of breast cancer.
- Recognize the radiological contribution of mammography, ultrasound, MRI, PET scanning and new technology to the diagnosis, treatment, and post-treatment surveillance of breast cancer.
- Differentiate indications and techniques of tissue sampling.
- Describe how histologic findings are related to definitive therapy for breast cancer.
- Explore the role of Primary Care, nutrition and alternative medicine in the assessment and treatment of breast cancer.
- Examine breast conserving and non breast conserving surgical treatment options for breast cancer treatment as well as the role of sentinel lymph node sampling.
- Describe the therapeutic options for chemotherapy.
- Discuss the therapeutic design, options, and timing for partial and whole breast radiation.
- Compare the potential benefits and pitfalls related to postmastectomy breast reconstructive techniques in relationship to adjuvant therapy.
- Identify the psychosocial issues related to breast cancer treatment, including methods to support patients with these issues.
- Explain the molecular biology of breast cancer in relation to targeted therapy.
- Discuss the importance of a multidisciplinary approach to the treatment of breast cancer as it relates to nursing, mid-level providers, and physicians, in treatment coordination, and communication.
- Review the controversial issues involved in hormone replacement therapy and molecular genetic testing.
- Identify issues regarding extremity lymphedema, including methods to treat it.

Registration Fees

All fees include registration, educational materials and instruction, CME and CE recording, continental breakfast, refreshment break, and lunch.

Symposium Location

Embassy Suites Hotel and Conference Center is located on the scenic Illinois River in East Peoria, Illinois. It is located less than 15 minutes from the Greater Peoria Regional Airport. Parking is free.

Lodging

Embassy Suites and Hotel Conference Center reservations must be made separate from registration. Call 800-810-4972 or log on to www.embassysuiteseastpeoria.com. For additional lodging information, call the Peoria Area Convention and Visitors Bureau at 309-676-0303 M-F between 8:30 to 5:00 central time.

Air Travel

The East Peoria area is served by Allegiant Air, American Eagle, Delta, and United Express through the Greater Peoria Regional Airport (309-697-8272). Commercial limousine or taxi service is available from the airport. The Greater Peoria Regional Airport is available for use by private aircraft through Byerly Aviation or through the Mt. Hawley Airport.

Accreditation and Credit Designation Statements

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through joint sponsorship of the University of Illinois at Chicago (UIC) College of Medicine and The Memorial Affiliate of Susan G. Komen for the Cure. The University of Illinois at Chicago (UIC) College of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The University of Illinois at Chicago (UIC) College of Medicine designates this educational activity for a maximum of 14 *AMA PRA Category 1 Credit(s)*TM. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Family Physicians: This Live activity, Fourth Annual Breast Cancer Symposium, 2011, with a beginning date of September 29, 2011, has been reviewed and is acceptable for up to 13.75 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physician Assistants: AAPA accepts AMA PRA Category 1 credit from organizations accredited by the ACCME.

APN/RN/LPN: AMA PRA Category 1 credit from organizations accredited by the ACCME meet Illinois continuing education requirements for relicensure. 14 *AMA PRA Category 1 Credit(s)*TM (Note: 1 CME = 1 contact hour)

Occupational and Physical Therapists: This activity is being offered in cooperation with OSF Saint Francis Medical Center Rehabilitation Services, an approved Illinois Department of Financial and Professional Regulation (IDFPR) CE Sponsor, for 13.5 CE hours for the following professions: (note: hours awarded limited to hours of attendance at program).

Occupational Therapy – CE Sponsor License # 224-000011
Physical Therapy – CE Sponsor License # 216-000024

Radiologic Technologists: The Illinois Emergency Management Agency (IEMA) has approved this activity for 15 Category A continuing education credit(s) for medical technologists. (This CME approval meets ARRT requirements as well as MQSA credits for mammographers and mammographer technicians.)

Surgical Technologists and First Assistants: This continuing education activity is approved for 14.25 CE credits by the Association of Surgical Technologists, Inc., for continuing education for the Certified Surgical Technologist and Certified First Assistant. This recognition does not imply that AST approves or endorses any product or products that are included in presentations.

A sincere thank you to donors (at the time of print).
